# CHEER EXTREME CHICAGO 2025/26

Welcome to Cheer Extreme Allstars - Chicago. It has been a very successful ninth season and we are excited to provide the following information regarding our program and the 2025/26 All Star Competitive Cheer Season. Our athletes are hardworking, dedicated and award winning. Our coaches are top-notch, professionally driven and personally invested. Our facilities are competitive, updated and newly renovated. Our tumbling program is thorough, supported and result orientated. If you are devoted, loyal, enthusiastic and ready to be a champion, our program is for you..

## PROGRAM PHILOSOPHY

It is the general program expectation at CEA Chicago that the team is first – whereby the welfare of the team is ahead of an individual athlete. All decisions are made for the benefit of the team's performance, scoring and success. Coaches will set individual and team goals for the season. Through instruction, athletes will work hard to obtain and even exceed those goals, building a strong work ethic for the future. CEA Chicago is not just focused on winning championships, but deeply believes in developing the lifelong success of the "whole athlete". If it is in the best interest of the program, an athlete may be moved from one team to another team. This is a decision that will only be made through careful evaluation and communication. Athletes being moved to a different team should not be perceived as a negative consequence. The decision to move an athlete may be based off of one or more of the following reasons: Athlete's routine positions, Athlete's skill level, Athlete's attitude, Athlete's willingness to learn and improve in a group setting, Team's needs for competition, Attendance issues, and/or Injury. In the end, we strive to create and sustain a premier all-star cheer program whereby we value lasting friendships, dedication and loyalty, as well as develop lifelong skills such as compassion, empathy and the value of hard work. We believe that in that type of atmosphere is where champions are made.

## LEVEL/TEAM PLACEMENT

All athletes will be placed at a Level/Team Placement for Summer 2025. Level Placements are for training purposes ONLY. This is to allow athletes a safe and adequate time to maintain skills and coaches to evaluate proper team placements.

This season there will be a deep focus on assigning athletes to the appropriate age and skill level to build teams that will maximize the score sheets in all areas. Prior team and level placement will be taken into consideration but will not be automatic or by past precedent. The summer months will be used for building tumbling and stunting skills, as well as learning, relearning and building technical skills. The training which takes place in the summer months will determine appropriate team placement.

CEA Chicago reserves the right to determine, move and/or revise level and/or team placement at any time. This is a competitive sport whereby prior year's critique will become this season's skills building. CEA Chicago also reserves the right to put the best combination of athletes for the purpose of building the best team for competition. Team placements and/or athlete evaluations will be ongoing and fluid until final team placements in the Fall are made prior to choreography .

Team Practices will begin June 2, 2025.
